

# X Workshop Students & Postdocs

CENTRO DE BIOLOGÍA MOLECULAR SEVERO OCHOA

**Wednesday 29 November 2023**

|              |   |   |
|--------------|---|---|
| 9:00         | Organizing committee  | Welcome and opening remarks   |
| ●            | 9:15 Sara Martín Virgala  | Altering the balance between replication and transcription elongation speeds in pluripotent mESCs                           |
| ●            | 9:30 Ana Bermejo Santos   | Doublesex and mab-3 related transcription factor 2 regulates the connectivity of cingulate cortex neurons                   |
| ●            | 9:45 Andrés Vicente Acosta  | Glial activation precedes neuronal degeneration in a new mouse model of Friedreich's ataxia                                 |
| <b>10:00</b> | <b>Poster Session</b>   |   |
| ●            | 11:00 Claudia Cifuentes Caballero                                     | Role of RRAS2 overexpression behind breast cancer development   |
| ●            | 11:15 Rodrigo Martín Rufo   | VCP/p97 extracts DNA polymerase $\alpha$ /Primase from chromatin to limit the activation of the replication stress response |
| ●            | 11:30 Inés Kelleher López   | Cross-talk between macrophages and tumour cells during tissue homeostasis in <i>Drosophila melanogaster</i>                 |
| <b>11:45</b> | <b>Poster Session</b>   |   |
| ●            | 12:45 Esperanza López Merino  | Dissecting the contribution of Ras protein isoforms to hippocampal synaptic plasticity and cognitive function               |
| ●            | 13:00 Andrés Soto Zaragoza  | Determination of the influence of the viral infection in the TAP-independent presentation of vaccinia virus epitopes        |
| <b>13:15</b> | <b>Networking session (with bingo)</b>                                |   |
| <b>14:00</b> | <b>Lunch Break</b>  |   |
| 14:45        | Organizing committee & IUBM   | Welcome and Award ceremony  |
|              | <b>Career paths inside and outside of academia (talks in spanish)</b> |   |
| 15:00        | Susana de Lucas - Scientific Communicator (CNB)                       |   |
| 15:30        | Servicios Científicos CBM - Round table                               |   |
| 16:15        | Sofía Otero - Scientific and Technological Evidence Officer (FECYT)   |   |
| 16:45        | David del Álamo - Science Manager, Scientific editor, Trainer         |   |
| <b>17:15</b> | <b>Meet &amp; greet (with drinks and nibbles)</b>                     |   |
